

## Testing for Sexually Transmitted Infections in Northeastern Tennessee

### Free long-acting, reversible contraception— includes STI Testing

#### A Step Ahead

A Step Ahead provides access to free long-acting, reversible contraception (LARC), which includes IUDs, the hormonal implant, or the Depo-Provera shot. LARC appointments at partner clinics **include** a wellness check and free pregnancy and **STI testing** and can even **include transportation** to appointments.

A Step Ahead Tri-Cities provides services in all 8 Northeast Tennessee counties: Carter, Greene, Hancock, Hawkins, Johnson, Sullivan, Unicoi, and Washington.

### Free STI-testing and free/low-cost sexual and reproductive healthcare

#### Sullivan County Health Department

- Free, confidential testing, includes counseling.
  - Positive HIV clients referred to local experts
  - Positive Hepatitis C clients work with a navigator to determine best treatment options
  - All other STIs treated for free through the health department
- Reproductive healthcare and contraception on a sliding scale
